To Whom It May Concern:

Following a successful and timely hire, I wish to strongly recommend Arthur Marshall's recruitment services to anyone seeking to hire a dentist or dental specialist. Bright Dental Associates is a growing dental management company in Texas. Our company is currently in a state of expansion, and we recently purchased a practice in Waco, Texas from a retiring dentist. The owner agreed as part of the purchase to remain at the practice during the transition, but he was also looking forward to cutting back his hours. As management group, patient retention and a smooth handoff was top priority for us, so we immediately began looking for a successor ready to lead, perform upper-level procedures, and help us accomplish our goals.

We were introduced to Arthur Marshall's Director of Dental Recruitment, Justin Poynter, through our Fortune Management coach, Jeanne Williams. Justin walked me through our options, and he put me together with our Lead Recruiter, Cassidy Armstrong. Cassidy has over ten years of experience and was able to provide us with a strong candidate in under a month. We were able to complete our hire, and we look forward to a Bright future!

Very satisfied with Arthur Marshall's work and would certainly work with them again!

Sincerely,

Traci Waldschmidt  
Manager
