

Dear prospective dentists,

I am writing this letter of recommendation to share my experience with my dental recruiter, Ryan Dershem. As a recent graduate of dental school, I can attest to the invaluable assistance Ryan provided me in finding a job at a highly competitive and attractive dental practice.

Ryan was not only kind and warm but also very professional in his approach. He has a wealth of knowledge about the dental industry and his network of contacts is pretty extensive. Ryan made himself readily available to answer any questions I had about the job search process and provided me with helpful insights into the industry.

Ryan's understanding of the industry and his excellent communication skills, made him an essential part of my job search. He took the time to understand my preferences and interests, and he worked to find the perfect job for me. Thanks to Ryan's hard work, I found a job at a top-notch dental practice that aligns with my goals and values. I couldn't be happier with the outcome and I credit much of my success to Ryan's guidance and support.

In summary, I highly recommend Ryan Dershem to any dentist or dental student who is looking for a job in the dental industry. His professionalism, knowledge, and network of contacts were invaluable. If anyone wants to speak with me about my experience feel free to give me a call or text.

John Hannah, DDS
